BAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY APRIL 16, 1970

SINGLE COPY 10¢

ELL ELLIOTT, president, Hancock County Board of Supervisors, cuts first sod at Design Development, Inc.'s location at West Hancock County Harbor and Industrial Area, near Pearl River, Mississippi. Industry's first big will be 600-foot in length and house house production plant. To cost \$800,000 the 'house factory' is to be gross more than \$1.5 million in first year operation. Present at sod turning, staged 'on site' on this week end, from left, Alton Kollar, Charles Ruse, and J. C. Maufrey, Hancock County supervisors;

Joseph Bonvenutti, county attorney; Elliott, Joseph Cuervo, county supervisor; C. H. Hill, port director, Hancock County Port and Harbor Commission; Grant Bultman and James Farrell, president and vice president and project manager respectively, Design Development, Inc.; T. L. Geiger, port commission engineer; Frank McNeil of Bay St. Louis; Augustus Elmer, Jr., port commissioner; William J. Howard, Clermont Harbor.

(Port and Harbor Commission Photograph.)

Land and Scandal Charges Aired

Friday a special procedure was called at Gulf Shores by Buddy Modlin, State Park Director, to air alleged charges by Ladner of Clorment Har-

According to Modlin, he was told by telephone earlier in the week by Jim Jeffries, a reporter for WWL-TV, Orleans, who stated he had approached by Ladner, a man who proposed land for the Jackson Ridge near Waveland "Sound" a crooked deal, and Modlin was involved in

press conference was held Friday by Modlin who to Hancock County to deny charges.

Relations between various officials and Ladner presented in the open at all press conferences. All Elliott, president of Hancock County Board of Supervisors, debated with Ladner various questions concerning the Jackson Ridge project. Elliott was called 11

County taxes would be increased for this project? Elliott stated it would not raise County taxes, he also stated that Federal matching funds that have been set aside for this project could not be spent for anything else, such as road repairs which Ladner offered as a suggestion for the money to be spent.

Jeffries asked Ladner what about charges of crooked land deals. Ladner's remark was that he never stated this. In further questions by reporter Jeffries directed to Elliott, "Does the project call for a vote of the people?" Elliott's reply, "No." "Is the project going through?" asked Jeffries. Elliott's reply was yes. "How much money will come from Hancock County?" "Approximately, \$35,000.00 explained Elliott. "The money is to be borrowed against millage." Elliott went on to explain that the proposed 70 acres to be purchased for the project by the County has produced less than \$700.00 per year in the past in the form of taxes.

Reporter Jeffries asked "Is the land below or above water?" Elliott explained it was above water. Jeffries also asked if there was a cut off time for obtaining Federal matching funds. Elliott stated yes.

Modlin, State Park Director, stated that he wanted to make his position clear that he had never been involved in any type of land swindle. He said his position of State Park Director was in the developing and promoting recreational areas in the state.

No stated he was not promoted.

Land Rolls Near Completion

"The making up of the new Hancock County Land Rolls is now eighty per cent complete, County Assessor George Holloman said Tuesday.

ing himself, but promoting the economy of the county for the people of Hancock County.

Medlin asked Ladner was there ever a statement made of his involvement in a land swindle then Ladner's reply was that he never accused anyone of a swindle.

Later in the conference an interview with Andre Arceneaux, Bay St. Louis City Commissioner and Mayor Garfield Ladner of Waveland was conducted. Arceneaux pointed out that one point was overlooked, that it would take approximately 5 years to develop such a park and that this type of long range planning would be good for Bay St. Louis.

Mayor Ladner made a statement that approximately 60% tax revenue had been lost in Waveland due to Camille and that the proposed park would bring a considerable amount of money into Waveland such as sales tax revenues. Both reporters from WWL and WDSU in New Orleans, stated that the reason they came to Hancock County for this conference was to show both sides of the picture and to document the facts only.

According to Jeffries of (Cont. on Page 3-A.)

Disposal Grant Received

Congressman William M. Colmer was advised by the Department of Commerce, Economic Development Administration, of the approval of a \$1,138,740 grant to the Town of Waveland to install a waste collection and disposal system. EDA is one of three Federal agencies involved in this project. A \$250,000 loan from the Federal Water Pollution Control Administration was approved several months ago and a \$888,000 public facilities loan was approved on March 8 by the Department of Housing and Urban Development. These three grants and loan approvals, amounting to the needed funding for the approximately \$2.5 million project.

There are presently approximately 1000 tons of garbage collected as disposal facilities in Waveland. In addition, the Town received considerable damage from Hurricane Camille.

DIRECTORS MEETING

A vital meeting is scheduled Monday night at 7:30 p.m. for the Board of Directors of the Hancock County Chamber of Commerce. Each member is requested to attend, stated Carolyn Kiefer, manager. The meeting will be held at the Chamber office.

LITTER CAMPAIGN

A group of ladies in the Bay St. Louis community plan to gather today at 1:30 p.m. on Highway 90 and the Bay Bridge to begin a clean up campaign on the Highway. Anyone who wishes to also join in the work should meet at the Bridge at the same time.

Bay City School Board Raises Teacher's Pay

The Bay St. Louis Municipal School Board held its monthly meeting, Monday, April 13. The minutes of the last meeting were read by Board President Robert Hamilton and approved by all members.

The School Board accepted a bid from Orkin Pest Control Service to remove the termites from North Bay Elementary.

An estimate by Maloney Construction to cover the cost of temporary covered walkways at Waveland School was approved.

The use of Valena C. Jones School by other agencies and organizations was another subject on the agenda. The organizations applied to Supt. J. D. McCulloch to use the school facilities on a temporary basis because the City is supposed to take over the building in the near future.

Tommy Kidd made a motion to offer the requested facilities, on the condition that a representative from each group sign a statement that the Board would not be held responsible.

A report by Architect Fred Wagner on the progress in various school system projects was read.

Membership Program Planned By Chamber

Computer Center to Play Role at MTF

According to State Senator Stennis, "Over a year ago it became apparent that there would be a slowdown in our space program and that the Mississippi Test Facility in Hancock County, Mississippi would no longer be used for the testing of the huge space rockets. I immediately started working very hard to get a firm commitment from the Federal Government that the Test Facility would be kept open and used for some constructive purpose."

"I am very happy to announce that I have been given a definite commitment that the Test Facility will not be closed but that this vast \$350 million installation will be kept open for the use of various government agencies and private corporations. The giant laboratories there will be used for experimental purposes and research and development. The great bank of computers -- one of the largest in the whole world -- will be used for the work of a multitude of government agencies that have a tremendous need for such facilities. In addition, these computers will be available to private enterprise for use for the same purposes," Stennis stated.

"There has also been a direct promise to consider this Facility for one of the possible centers in the environmental research program which is going to be so extensive in the next few years.

"In addition, there is a pro-

FOREST FIRES

During the period between April 6 and April 12, there were 12 forest fires in Hancock County which burned 79 acres bringing the total number of fires since January 1, to 166 which burned 4,564 acres.

mise that the know-how and technical skill of many of the space people are now located at the Test Facility will be used in planning and bringing about a constructive rebuilding of the hurricane stricken area of the Gulf Coast."

"While I don't want to overstate the immediate significance of this development, I think that over a period of years the use of the Test Facility in this manner will prove to be highly instrumental in bringing about a tremendous growth and development for the area as a result of the use of the Facility by big corporations and various agencies of the Federal government for research and other activities. I believe this is the

forerunner of a tremendous program that will center there by companies like Boeing Aircraft Company, General Electric, and many others who have need for large computers and data banks in their research. Many government agencies, I hope, will gradually locate there on an ever increasing basis to carry out experiments and other work in this tremendous age of technology.

In closing Senator Stennis said, I believe that this is a forerunner of tremendous progress, not only for South Mississippi but for the entire State. You may be sure that I will continue to work to make this one of the finest facilities of its kind in the entire nation."

County Cleanup Begins Monday

The office of Civil Defense was appointed by the Board of Supervisors to handle and process applications for Clean-up Operation. "So far, said Lucien Kidd, Civil Defense Director, we have received 1,227 applications from the areas outside the two municipalities of Bay St. Louis and Waveland who handle applications within their corporate limits. The applications we handle are from county residents only.

Continuing the Director said, "Applications received were divided into three categories, A, B and C. A category pertains to applications for reimbursement for work already done and does not request further work.

"B category requests work to be done while category C is for reimbursement and additional work.

"March 5, we mailed 800 letters to applicants requesting additional information needed to complete the application. To date, 600 replies have been received leaving us with 200 incomplete applications. Incomplete applications cause a serious delay in the program.

"Completed applications have been mapped and turned over to construction for action and from present indications the clean-up work will begin in the sub-divisions, Monday, April 20.

blems, confronting the program, said Kidd, is confirming expenditures of applicants, as required by the Office of Emergency Preparedness. Many receipts submitted lack essential information and as a result supervisors of the Corps of Engineers have to contact such applicants in order to satisfy their claims, whether they are large or small.

"To speed up the matter suggests the Director, the people having claims should call our office, telephone 467-7022 and check with Corps personnel who are handling reimbursements. The Corps of Engineers represent the office of Emergency Preparedness in this program.

"Applications for rural acreages are being processed under the Agricultural Stabilization Conservation Service. Applications under the acreage program are now being processed and the applicants will be contacted by mail within the next ten days.

In closing, the Civil Defense Director said, "Our office will do its very best to keep the public informed on the work programs under P.L. 71-79."

April 25, 1970 will be the FINAL date for the submission by local Governments of Debris Removal applications to the Office of Emergency Preparedness.

Final arrangements have been made for a general membership meeting for Hancock County Chamber of Commerce, Tuesday night, April 21, 1970 at 7:30 p.m., at the Coast Electric Conference room on Main Street, Bay St. Louis.

Carolyn Kiefer, Chamber Manager, stated that this would be a very important meeting for all new chamber members, since the chamber is in the process of re-vamping its activities to better serve the Community. Mrs. Kiefer requests that each member attending this meeting bring their wife and a prospective chamber member with them.

The detailed arrangements for this important general membership meeting were made by Pat Murphy, Coast Electric Power Assn., and E. J. Narengo of Coastal Insurance Agency.

Topic for the meeting will be "Building Better Chamber of Commerce." Guest speaker for the evening will be Dean Cotten, who is presently Executive Director of the Brookhaven, Mississippi Chamber of Commerce. Cotten holds membership in the Mississippi Association of Chamber of Commerce Executives, the Mississippi Economic Council (State Chamber of Commerce) and the United States Chamber of Commerce, the American Chamber of Commerce Executives, the Southern Association of Chamber Executives. Cotten is also a member of the Brookhaven Jaycees, Brookhaven Exchange Club and a Mason.

Cotten has been instrumental in helping to build Chamber of Commerce in the state of Mississippi.

At present he is Campaign Manager for George Slagle of Hancock Bank who is running for National President of the United States Jaycees.

He has held positions as Chamber Manager in Louisiana, Miss., and Bogalusa, Ark. Prior to his present position in Brookhaven, he was head of Civil Affairs Department of the Baton Rouge, Louisiana Chamber of Commerce. In addition to his talk there will be a color film, entitled, "What is a Chamber of Commerce?" obtained from Mississippi Economic Council. According to Mrs. Kiefer, this film will be vital information for all new chamber members.

This film tells the story of how a chamber starts, how it works and how it benefits a Community.

Refreshments will be served at this meeting. All are urged to attend.

PERE LE DUC COUNCIL

Pere Le Duc Council 1322, Knights of Columbus, will meet at 8 p.m., Monday, April 20, at K.C. Hall.

Accident Injured

John Thomas Williamson, Pearl River, was seriously injured when the auto he was driving and a truck driven by L. H. Hensley, 30, New Orleans, collided on Highway 90 on mile east of Pearl River about 7 a.m. Monday. Highway Patrolman Jimmy Modlin said the injured man was taken to Hancock General Hospital and later transferred to Gulf Shores Memorial Hospital. He remains in critical condition.

Injuries sustained by Williamson included a broken neck, a broken rib, a broken arm and a broken back. The truck driver suffered no injuries. Williamson was thrown from the car when it collided with the truck. Modlin stated that the car was rolled around the truck for some time while the truck was stopped. St. Louis, East Hancock County firemen reached the scene from the north. Constable Glen Dear of Pearl River assisted in the investigation of the accident and the control of the scene.

Pass Man Killed As Crane Falls

A Pass Christian man, 23-year-old James Russell Bankston, was crushed to death Tuesday morning in a crane accident at a wood lot on Jordan River.

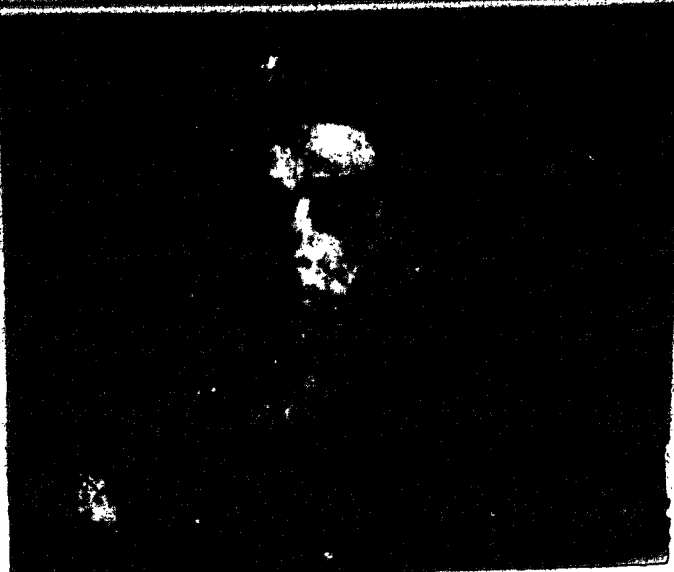

The accident happened about 9:30 a.m. as Bankston was working near the crane at a pulpwood dock operated by International Paper Co. on the river at Kiln in Hancock County.

Richard White, an employee of the company at the scene, said Bankston was struck by a large portion of the crane that collapsed during loading operations. White said exact cause of the crane malfunction was not immediately determined.

Deputies James O. Normand and Alton Lumpkin of the Hancock County Sheriff's Office said the victim was rushed to Hancock General Hospital in Bay St. Louis where he was pronounced dead on arrival.

RUSSELL ELLIOTT, president, Hancock County Board of Supervisors, and Grant Bultman, president, Design Development, Inc. of Bay St. Louis, called, left to right, sign agreements for sale and lease of land at the West Hancock County Harbor and Industrial Area. Design Development, Inc. intends to construct a 'house factory' on the first unit of a multi-complex operation at the industrial park location. The 'factory' to be housed in a 600-foot building, will turn out prefabricated housing units for shipment to 'job sites' on construction sites at various locations. Others at the signing this week include, from left, Charles Hill, port director, Hancock County Port and Harbor Commission; Michael Hensley, port commission attorney; Walter James Phillips, attorney for D.D. J. C. Maufrey, Hancock County Board of Supervisors; (Port & Harbor Commission Photograph)

DO YOU RECOGNIZE the face? This picture was found in the yard of Mrs. W. H. Deham, 102 Burritt, Bay St. Louis. Evidently the picture belonged to someone in the area. If it belongs to you, call Mrs. Deham, 677-9448, or the Sea Coast Echo, 467-5474.

Orleans Man Expresses Thanks

A man identifying himself as Martin Mitchell recently called the New Orleans Times-Picayune and expressed his appreciation to Hancock County Sheriff and Hancock General Hospital for their uniform kindness and assistance following an automobile wreck near Bay St. Louis several weeks ago when his sister, Catherine T. Mitchell, was killed and her 4-year-old nephew, Jerry Harrell, was severely injured.

Alma Lumpkin, who the county who investigated the accident while quick work by Dock Gargant James Norman and Lempkin to the scene before the sheriff's office received a telephone report of the mishap. A passing motorist with a citizen's band radio reported a wreck as he went by. The call was monitored by Norman who

Rev. Billy W. Murphy, pastor of Shoreline Baptist Church, and the membership of the Mission welcome the speakers to the World Mission Conference.

The Mission is located two (2) miles north of Bay St. Louis on Highway 90.

Civil Defense Heads Search

Hancock County may need to set up a "Mistaken Personhood Road" as the search for missing persons continues. Civil Defense and Civil Air patrol give many volunteers searched fields and forests for missing persons. The latest incident was the search for two boys aged 7 and 8 who did not return to their homes in Lakeshore and Bay-side after failing to meet the school bus and hid in the woods. The search which started at 8:30 p.m. ended three hours later when one of the boys was found and told where the other boy was hidden.

OLG PARENTS CLUB

Our Lady of the Gulf Parents Club will not meet tonight as previously announced. The next meeting with election of officers for the coming year, will be held at 8 p.m. Thursday, May 11.

Play Reviewed

The review on the first Little Theatre play of this season, "Don't Drink the Water," will not appear in this issue, but in a special Little Theatre section that will soon be printed.

Jones Celebrates

Charles Jones, son of Mr. and Mrs. L. T. Jones, Waveland, will celebrate his eighth birthday, Friday, April 17, at Clary's Cafe, on Coleman Avenue, in Waveland.

THINGS ARE LOOKING UP for Beach's Flying Service, Inc. This wonderful family are doing supporters having two members of the family no school plans. Susan Redwood the pretty blonde next to Wylie Heath is working toward her private pilot certificate. Also, her brother Jay Redwood, not shown in the picture, is doing the same. His mother and father shown here are part of the reason why Beach's Flying Service, Inc. is such an overwhelming success.

Operation Upturn Provides Grants

Operation Upturn, the public agency operated by the city of Bay St. Louis, through the Capital Area Program (CAP) and the Department of Housing and Urban Development (HUD) can provide through Grants or loans rehabilitation of owner-occupied homes whether there was storm damage or not. Grants or Loans may not be used for refinancing existing loans. They may be used only for repairing the building so that it will conform to the Building Code of the City of Bay St. Louis. Grants or Loans may be made only to property owners who are eligible to receive them.

Prospective applicants for a Loan or Grant should call at the Operation Upturn office in the West Community Center, 200 Third Street, Bay St. Louis to learn if they are eligible for such benefits.

If a person is eligible for a loan or grant through Operation Upturn, will all be used in making the application and also provide other services such as finding out what work needs to be done, what it will cost, how to get the work done, help select a reliable contractor and see that the work is done right and at a reasonable price. A person living in a home to own or to buy and it is essential to more than just dwelling units and needs repair to meet the City's Building Code he may be able to get a rehabilitation grant or a rehabilitation loan.

A grant is a sum of money made available to cover only the cost of improving the

Land Scandal...

(Cont. from Page 1-A.)

WWL, when first approached by Loder in, New Orleans, last week, he had asked Loder, "Are you one who is running for public office in Hancock County?" Loder stated to him he was not. In conclusion, Modlin explained that he was not going to get mixed up in local politics.

Lee Named To Soil And Water Office

Frank Lee, a dairyman of the Leech community who has been a commissioner for the Hancock County Soil and Water Conservation District for nine years has been selected to serve as Chairman of the Finance Committee of Area 6, according to W. J. Pippin, Chairman of the Hancock County Soil and Water Conservation District, Area 6, in comprised of 15 South Mississippi Counties.

W. A. Pove, vice-president of Area 6, announced that Lee had also been selected to serve on the State Finance Committee for 1970. Lee is the present treasurer of the local district.

Money Approved
City School Superintendent J. D. McCullough has been notified that the State Educational Finance Commission approved the sum of \$113,000 to help finance the cost of the proposed elementary school in Waveland.

The decision was made on April 10.

Construction is scheduled to start as soon as the plans and specifications are approved by the State Commission and bids can be obtained.

OWNERS OF ADAMS-LORRAINE Florist, Howard Adams and John Ginn, have recently enlarged the shop and added many new items. The display room has been enlarged and the greenhouse have been transformed into a garden shop and small flower boutique.

Bridge Winners

Winners of games played by Bay-Waveland Bridge Club members Monday night at Gulf View Haven were Mr. and Mrs. Dale Pierce, first; Mrs. Herman Mazarakis and Mrs. Eugene Mazarakis, second and Mr. and Mrs. R. F. Mestayer Jr., third.

The Club meets at 7:30 p.m. every Monday at Gulf View Haven.

MR. AND MRS. JACK TOOMEY AND SON OF WAVELAND ACCEPT DELIVERY OF THEIR SON'S GOOD USED CAR FROM J. C. KOENEN, SALESMAN AT LAMAR-LANE CHEVROLET, INC.

Mr. and Mrs. Jack Toomey of Waveland, owners of Toomey's Shell Service on Coleman Avenue wanted to purchase a good used car for their son. Being in business themselves they feel that one should first shop at home whenever possible. They visited Lamar-Lane Chevrolet and talked to J. C. Koenen and told him that they were interested in a late model used car. J. C. gave Mr. and Mrs. Toomey a Lamar-Lane price on a very good late model used car and they drove it home for their son, J. C. Koenen of Lamar-Lane Chevrolet sells late model used cars as well as 1970 Chevy cars and trucks. If you're in the market for a new or used car or truck, visit Lamar-Lane Chevrolet and ask for J. C. Koenen; he could save you many dollars.

State Ups Pay Increase

A enactment of the Mississippi Legislature passed last week provides for an increase in pay for election officials. Section 2800, Mississippi Code, 1948 was amended to read as follows:

SECTION 1. Section 2800, Mississippi Code of 1948, as amended, is amended to read as follows:

2800. Pay of election officials.

The commissioners of election shall be entitled to Twenty Dollars (\$20.00) for every day actually employed in the performance of their duties, not to exceed ten (10) days for one election, except in counties having more than ten thousand (10,000) qualified electors, the commissioners shall receive Twenty Dollars (\$20.00) per day for not to exceed fifteen (15) days; the managers, clerks, and election balliffs shall be each entitled to Fifteen Dollars (\$15.00) for each election, except in any election wherein there are cast more than three hundred (300) votes in any precinct, then the managers, clerks, and election balliffs in such precincts shall each be entitled to Twenty Dollars (\$20.00) for each election; and the manager or other person who shall carry to the place of voting, away from the courthouse, the official ballots, ballot boxes, poll books, and other necessities, shall be allowed Three Dollars (\$3.00) for so doing, and the manager or other person who acts as returning officer shall be allowed Three Dollars (\$3.00) for that service, all to be allowed by the board of supervisors, payable out of the county treasury.

The compensation provided herein shall constitute payment in full for the services rendered by the persons named for any election, whether there be one election, or issue, voted upon, or more than one election, or issue, voted upon at the same time.

SECTION 2. This act shall take effect and be in force from and after its passage.

Wave Recruiter To Be In Gulfport

Yeoman First Class Mickey
Kettan, Wave Recruiter for
the Montgomery Navy Recruit-
ing District, will be in Gulfport
on the 22nd of April to confer
with young women interested in
this branch of service.

If you are interested in a
career that promises travel,
excellent training and benefits,
an opportunity for further edu-
cation, a wider circle of friends
and interesting, contact Mickey Ket-
tan at your local Navy Recruit-
ing Office, Gulf South Building,
2605 - 13th Street, Room 309,
Gulfport, Mississippi.

Miss Ketan states that en-
listed women serve in many
exciting capacities, with jobs
ranging from medical, dental,
clerical, supply, electronics
and aviation. The Navy trains
you along the most professional
lines and there are no limits
to your progress as a Wave.

Antoinette Poolson

Mrs. Antoinette Ladner Gi-
veans Poolson, 72, a native of
Bay St. Louis and a resident
of New Orleans for 29 years,
died at 8 a.m. Tuesday, April
7, in New Orleans.

Survivors are five daugh-
ters, Mrs. Miriam Lilly, Mrs.
Audrey Favre, Mrs. Warren
Willcox Sr., Mrs. Joseph Sarver
and Miss Evelyn Giveans, all of
New Orleans; and a son, Ro-
bert C. Giveans of Bay St. Louis.
17 grandchildren and 13 great-
grandchildren, and a sister
Mrs. Jerry Boyle, Bay St.
Louis.

Funeral services were held
Wednesday morning from
10 a.m. to 12 p.m. at the
Funeral Home followed by a
Requiem Mass at St. Alphonsus
Church. Interment was in St.
Mary's Cemetery, Bay St.
Louis.

Mary A. Langston

Funeral service for Mrs.
Mary Alice Madden Langston,
64, Jackson, were held on
Thursday afternoon, April the
8th, at 2:00 in the Ott and Lee
Chapel with Rev. Robert Filler
and Rev. Dwain Moulton offi-
ciating. Interment followed in
the Floral Hills Memory Gar-
den with Ott & Lee Funeral
Home in charge.

Mrs. Langston passed away
in the Baptist Hospital in Jack-
son on Wednesday morning fol-
lowing a short illness. She was
a native of Scott County but had
made her home in Jackson for
the past eighteen years. She was
a member of the Presbyterian
Church in Pearl.

The survivors are one son,
Premiss Ware of Jackson, one
daughter, Mrs. John W. Hill
of Bay St. Louis; three grand-
children; two brothers, Leo and
John Sharp Madden both of Jack-
son; and four sisters, Mrs.
Norman Jones of Clinton, Mrs.
Monroe Hall of Brandon, and
Mrs. Carlton Gilmer of Wal-
nut Grove.

The pallbearers were James
Hall, James Madden, Larry
Madden, Lynn Madden, Billy
Gilmer, and Herbert Patrick.

A Conservative View by James J. Kilpatrick

That marvelously funny and
instructive book, "The Peter
Principle," has been on the
best-seller lists for 45 weeks,
but I have a prejudice against
best-sellers, never having
written one, and just got to it
a few days ago.

Eurelia! This masterpiece is
like Chapman's Homer or Park-
inson's Law, or the one-
mansmanship of Stephen Potter.
Dr. Laurence J. Peter, dis-
coverer of the principle that
will forever bear his name, has
made a prodigious contribution
to the study of human behavior.
If you have not yet read his book,
co-authored with Raymond Hull,
you should rush right out and buy
a copy.

The Peter Principle is a
beautifully self-evident, when
you come to think about it, as
Gresham's law that bad money
drives out good. The principle,
in brief, is that "in hierarchy,
every employee tends to rise to
his level of incompetence."

Magnificent, is it not?

Think about it. All of us
know the teacher who was com-
petent in the classroom but who
was promoted to principal; and
she had no administrative
skills and never was promoted
thereafter. She had reached her
level of incompetence. We see
the Peter Principle operating in
the church, where good priests
become bad bishops; and in the
army, where a man who makes
an able captain is a flop at the
level of major. Heaven knows we
see it in government. It is

true, just as Dr. Peter
observes, that "in time, every
post tends to be occupied by
an employee who is incompetent
to carry out its duties."

Now, an interesting aspect of
the Peter Principle is that it
applies not only to humans but
also to machines. As a corollary
to the basic law, I respectfully
venture this hypothesis, that
every technical improvement
tends to rise toward the
level of utter collapse.

The computers used in re-
tail accounting will spring to
mind, of course, as a prime ex-
ample of the Peter phenomenon
in business. In the days when
charge accounts were computed
by flesh-and-blood beings, a
large store might have em-
ployed 100 young women to
handle all billings. Then came
the computer, cluttering away
on waves of technological im-
provement. And now the store
employs 400 young women to
coo the outraged consumers.

Of the newspaper busi-
ness have witnessed the law in
action. Arragall have wit-
nessed it! Today's teen-agers
will not believe it, but there
was a time when newspapers
were typographically clean.
Then came the computerized,
tape-actuated typesetting ma-
chines, these great technologi-
cal improvements, some of
them rigged to hypnotize
"everybody" after the "d",
and the wonder today is that
we ever put out a paper at all.
One more such level of advance-

ment and the whole composing
room collapses.

The automobile offers still
further proof of the corollary
law. Forty years ago, cars
were sensibly high, so you could
see where you were going. A
tall man, wearing a hat, was
comfortable inside. Cars had
running boards then, and spare
tires where you could get at
them. These vehicles were
navigated with some pleasure at
modest speed over uncrowded
roads. But consider, if you
please, the Los Angeles free-
ways at 5 p.m., and ponder
Armageddon.

The corollary applies to of-
fice copying machines, which,
having first made themselves
indispensable, now take ill when
they know they are needed most.
Elevators have been vastly im-
proved over the years, as every
man knows who ever has been
stuck in an automatic one. Air
conditioning is such a marvel
that no window opens in a mod-
ern building; and one day next
August the whole overloaded
power system will blow a
magnificent fuse.

To these major infirmities
of civilization, every student
of the obstinacy of the inanimate
can add his own minor case
histories: Coat hangers, Lau-
dry boxes, paper clips, and
closet shelves that somehow go
till in the night. If Dr. Peter
and Mr. Hull could be persua-
ded to return to their labors,
they will find that vast new
vistas of incompetence await
their scholarly view.

Special Report From Washington

Senator Stennis Says:

There has been a rather sig-
nificant development on the
school integration front. I have
reference to the recent action
of the U. S. Supreme Court in
refusing to disturb a ruling by
the lower court granting the
school board in Charlotte, N.C.,
a delay in implementing a pupil
desegregation plan ordered into
effect by the trial court.

The plan ordered in this
case by the trial court would
have required the most mas-
sive busing in the South and was
totally unrealistic, particularly
since it would have gone into
effect on April 1st for grade
schools and on May 1st for high
schools. It would have required
the busing of 50,000 students,
some of whom would have had
to spend as much as \$8.75 a day
on buses. It would have
required the school district to
purchase 526 new buses at a
cost of \$3.5 million and, even
had the district had the money,
it was doubtful that the buses
could have been found on such
short notice. This case pre-
sented a clear and sharp pic-
ture of the extent to which wide-
spread busing is being required
in the South for the sole purpose
of bringing about racial bal-
ance schools.

On appeal, the Circuit Court
of Appeals set aside the deseg-
regation plan, and the Supreme
Court refused to interfere with
its action. I am not unrealistic
enough to construe this as a re-
versal of Court-ordered deseg-
regation, but it is a fact that,

prior to this ruling, the Sup-
reme Court has very rarely
turned down the desegregation
plans of civil rights lawyers.
It was the first setback in the
Supreme Court for civil rights
advocates since the Court laid
down the drastic "desegregate
now, argue later" policy last
October which has disrupted
the schools of Mississippi so
badly.

The Supreme Court's ac-
tion offers some small com-
fort to those of us who have
been objecting to running a bulldozer
through our school systems
right in the middle of the school
year and we can hope that it
is a straw in the wind. At the

same time, it does nothing to
help the 30 Mississippi and 14
other school districts comple-
tely disrupted in mid-term by
earlier Court-ordered deseg-
regation. These children will
continue to be hauled around
like cattle in complete disre-
gard for sound education and
good school systems in order to
comply with previous orders
of the high Court.

I will continue the fight and
hope that, with a new realism
and new approach to the real-
ities of the school situation, the
Court, the Administration, and
the Congress will move away
from the drastic actions which
have been taken in the past and
lay down reasonable national
standards under which the
public schools can survive and
thrive.

TRYOUTS HELD

Tryouts for the June pro-
duction of "The Little Tich",
"You Can't Take It With You",
will be held Friday, April 24,
at 7:30 p.m.

Mrs. Lucretia Beech

Mrs. Lucretia Ladner
Beech, 62, of Poplarville,
Miss., sister of Mrs. Clarence
Randolph of Bay St. Louis, died
at 12:02 a.m. Monday in For-
rest General Hospital, Hatties-
burg.

Survivors, in addition to
Mrs. Randolph, are her husband
Dan Beech of Poplarville; two
daughters, Mrs. William Blay-
lock, Wiggins, Miss., and Mrs.
Melvin Lenore, Poplarville; two
sons, Kenneth Beech, Poplar-
ville, and D. C. Beech, Wichi-
ta, Kans.; 12 grandchildren;
a sister Mrs. Asa Hartford and
a brother, Robert Ladner, both
of Poplarville.

Funeral services were held
Tuesday at 2 p.m. at Poplarville
Baptist Church. Interment was
in Poplarville Cemetery.

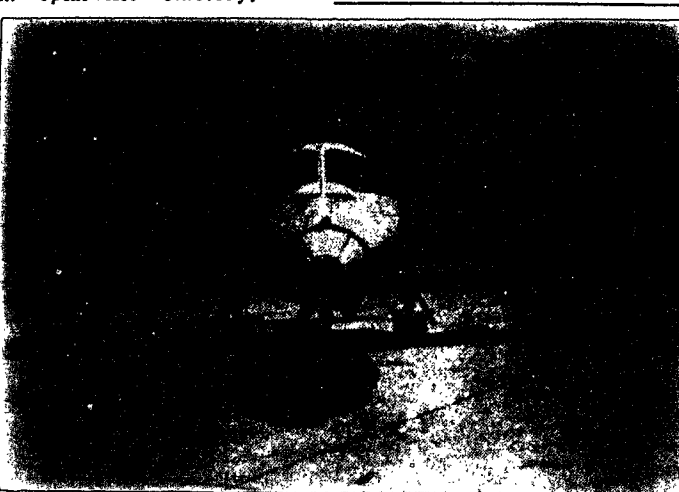

Attending services from
here were Mr. and Mrs. Clare-
nce Randolph, their daugh-
ter Mrs. Bobbie Lewis and son
Terrell Randolph. Also accom-
panying them were their sons-
in-law and daughters Mr. and
Mrs. William Bailey of Mo-
bile, Ala., and Mr. and Mrs.
Jim Burlock of New Orleans.

James A. O'Brien

James Allen O'Brien died
Friday, April 10, at the Han-
cock General Hospital in Bay
St. Louis.

Survivors are his wife, Mrs.
Thelma Irene O'Brien, two bro-
thers, one step-daughter, Mrs.
Martin Bible, one stepson, Car-
roll Duval O'Brien, and eight
grandchildren.

Riemann Funeral Home was
in charge of arrangements.

THIS IS A GATES LEAR Jet and it's setting on the ramp at
Heath's Flying Service, Inc. This is the first jet to land at
our new Gulf Central Tennis Field. This airplane cost
\$700,000.00 and the owners of this kind of airplane don't just
land at any airport but the pilot of this bird said we had one
of the finest airports that he had landed on. He and his pas-
sengers praised the people of Hancock County for this
forefront in building an airport of the future. The passengers
of the plane were here on Diamondhead business.
Diamondhead, Inc. having a vision of the future is already
bringing business into our county and is making an effort
with the strong determination of our people to make our
county a better place in which to live. (Adv.)

Mrs. Edith Lozes

Mrs. Edith Miller Lozes, 74,
died Monday, April 13, at
116 Livingston Dr., Pass Chris-
tian Isles where she had been
making her home with Mr. and
Mrs. John Kovacs since Palm
Sunday after first destroyed her
home. She was the wife of H.
Bernard Lozes.

Mrs. Lozes was born Jan.
19, 1910, in New Orleans and
lived for 35 years at 408 Bol-
doro Ave., Pass Christian.

Mrs. Lozes was a field re-
presentative with the Harrison
County Head Start program.
She received her teaching train-
ing at Houston Southern and
also studied at Jefferson Davis
Junior College campus.

She was a member of St.
Paul's Catholic Church in Pass
Christian and was also a mem-
ber of the Veterans of Foreign
Wars Auxiliary Post 5031, Pass
Christian.

Other than her husband, she
is survived by one son, H. Ber-
nard (Buddy) Lozes Jr., Sher-
man, Okla., and one
grandson.

Religious services were
held at 10 a.m. at St. Paul
Catholic Church. Interment was
in St. Paul's Cemetery.

Garden Club Has Meeting

Bay-Waveland Garden Club met last Thursday afternoon in First Baptist Church Fellowship Hall with Mrs. John Pritchett giving the devotional. Several guests were introduced by Mrs. Clarence Evans, Club President. During the business session officers for the coming year were elected. Mrs. George L. Seuzeneau Jr. was named president. Mrs. Gordon Gleim, first vice president, Mrs. Felix Seeger, second vice president, Mrs. Lelyn W. Nybo, recording secretary, Mrs. J. H. Duggan Jr., corresponding secretary, and Mrs. O. Duke, treasurer. Mrs. C. J. Wallace of Pass Christian, guest speaker, used Birds and their calls as the subject of her program. A brief artistic design workshop was presented by Mrs. Paul Miller. Several blooming amaryllis plants brought by Mrs. Robert Pritchett were displayed. The tea table, overlaid with a white lace cloth, was centered with an arrangement of spring flowers, flanked by silver candelabra holding pale yellow tapers. Refreshments were served by the hostess, Mrs. Julian H. Lorenzen, assisted by Mesdames A. F. McCaleb, Herbert D. Finlay, Jr., John C. Pritchett, J. H. Duggan, Jr., Randolph W. Nicause, Lelyn W. Nybo and Robert Pritchett, co-hostesses.

All Serve At East Hancock

Shortly after the truck-automobile wreck on 90 east of Pearlington Monday morning part of the highway was covered with oil making driving hazardous. Highway patrolmen working the accident called the East Hancock Fire Department for fire engine No. 1 to wash off the oil. The engine was ill and could not answer the call which was then transferred to the Sheriff's office. Charles John, President of the East Hancock Fire Department was in the Sheriff's office when the call was transferred and left immediately for the scene of the wreck stopping by East Hancock to pick up a fire engine No. 1 and then hosed off the pavement. Later, after President John had used all the water a truck load of sand was sent from Gulfport to sprinkle on the pavement.

PRC Team Kicks Off Heart Fund Drive

"Help the Number-One Team beat the Number-One Killer" will be the theme when the Pearl River Junior College Wildcat Team kicks off its "Wildcat Walk" Saturday, April 25, in support of the Heart Fund. The Walk will be a day of festivities which will include a four-mile round trip hike from the PRC campus through Poplarville and return to campus, a talent show, a barbecue and a dance in the Student Center following the hikers return to the campus, according to Mr. Jimmy Reed, instructor of English at PRC and Advisor for the fund drive. The team goal will be \$2,000.00 to be donated to the Heart Fund in the name of the students at Pearl River Junior College, according to Wayne Smith, a member of the Wildcat Squad and Chairman for the fund drive. "We are expecting about 100 students for the hike," Smith said, "But the more we have the more effective the drive will be." Interested merchants and citizens in the six county area are urged to respond generously when called on by a member of the Wildcat Team or contributions may be mailed to Mr. Jimmy Reed, Wildcat Heart Fund Coordinator, Box 12, Pearl River Junior College, Poplarville, Mississippi 39570.

PASTORAL SERVICES

Echoes

Mr. and Mrs. George di Bonadotto and children visited Sunday with Miss Emily Aloud and other members of Mr. di Bonadotto's family in Independence, La.

Mr. and Mrs. Loly W. Nybo had as Saturday guests her brother and sister-in-law Mr. and Mrs. E. C. Loflin of Vicksburg, their son Stephen Nybo and Miss Barbara Busch of Atlanta, Ga. Also visiting in the Nybo home are their son and daughter-in-law Mr. and Mrs. L. W. Nybo Jr. of Missouri.

Major Harris E. Smithcoors (U.S. Air Force, ret.), visited for a few days last week with Mrs. Henry Chapman at her North Second Street home. Joining them for the day on Sunday were Mr. and Mrs. Harry Chapman and children of New Orleans.

Major Smithcoors and Harry served together in the Air Force from 1953 to 1955.

Mrs. J. W. Dupacquer has returned from a recent visit of several days with her son and daughter-in-law Mr. and Mrs. John Dupacquer and family in Baton Rouge.

Mr. and Mrs. John Damborino returned last Monday from a weekend visit with their son-in-law and daughter M. Sgt. and Mrs. Perre Quintini and family in San Antonio, Texas. Sgt. Quintini is stationed at Randolph Air Force Base.

Sister Marlene, Sisters of St. Joseph, Baton Rouge, spent several days last week with her parents Mr. and Mrs. Harold Favre and family.

Mr. and Mrs. William Mills of Dallas, Texas returned home Sunday after a week's visit with her parents Mr. and Mrs. Alfred Cospelich and family.

Mr. and Mrs. Wayne Alliston Jr. and children Jeff and Amy of Ocean Springs were weekend guests of their parents Mr. and Mrs. Alliston Sr. and Mr. and Mrs. John Egloff.

Mrs. E. E. Hannah of Jackson left Sunday for Bastrop, La. after a four-week visit with her son-in-law and daughter Mr. and Mrs. Wayne Alliston. She will visit with her son Floyd Hannah in Bastrop prior to returning home.

Mrs. Cleveland H. Wyatt was in New Orleans for several days last week to visit with her brother Martin Welker who is recuperating from recent surgery at Southern Baptist Hospital.

Mesdames Carl Gustafson, Ruby Green and Charlotte Larson attended a reception Sunday in Moss Point honoring Mrs. Louise Scott Trux, Supreme Historian, Order of Amaranth, hosted by James Scott Court.

Mrs. Charlotte Larson formerly of Lombard, Ill., has purchased the Carl Gustafson Jr. home on Harrison Court.

Mr. and Mrs. Leroy Luke, Sr. received a telephone call from their son, Leroy, Jr., while he was on his R and R in Manila. There he joined Dominic "Moe" Scafid who is in the Navy.

Mrs. Margaret Cuevas had as guests last week her sons and daughters-in-law Mr. and Mrs. Milton J. Cuevas and children Kay and Milt of Morrisville, Pa. and Mr. and Mrs. Irvin Cuevas of Atlanta, Ga.

Mrs. Frank Trepan and Mrs. Yvonne Anderson were in New Orleans Sunday where they attended a bridal shower for Mrs. Trepan's niece, Miss Betty di Martino who will be married June 7.

The shower, held at the VFW Hall in New Orleans, was hosted by Mrs. Rosita Arledge of this city and Mrs. Roger Campagna, of Chalmette, La.

Mrs. A. G. Favre and daughters Udell, Inez and Mrs. Charles Scianna attended open house Sunday afternoon hosted by the former's niece Miss Joy Monti and Misses Anna Margaret Boudreau and Julie Echette at their new home in Metairie, La.

MR. HOLLIE PARKER OF PASS CHRISTIAN TAKES DELIVERY OF HIS NEW CHEVY CABIN WITH CHASIS FROM LAMAR-LANE CHEVROLET SALESMAN J. C. KOENEN.

Mr. Hollie Parker of Pass Christian was in need of a truck, just a cabin and chassis. He shopped around the various dealerships along the coast and got their prices. He had been reading in the newspapers about all the good deals people get at Lamar-Lane Chevrolet so he decided that before he bought a truck he would pay them a visit and get their price. At Lamar-Lane Mr. Parker was greeted by truck expert J. C. Koenen. Lane Mr. Parker was interested in a truck and J. C. gave him a Lamar-Lane price that was the best deal offered him. Mr. Parker is very happy that he drove over to Bay St. Louis to buy his new truck cabin and chassis. Mr. Parker was a little disappointed because the picture didn't come out the good of him and J. C., must have been another Lamar-Lane salesman that took the picture. If you're thinking about buying a new truck of any size, visit the truck expert, Koenen at Lamar-Lane Chevrolet, he could save you a few dollars.

Grants Approved for
IAP Program

A total of \$380,100 in grants has been approved for Gulfport, Waveland, Bay St. Louis, Pass Christian and Long Beach for use as matching funds for the Interagency Assistance Program now underway in those Hurricane Camille damaged communities.

Announcement of this action was made today by Francis Gohogan, Director of the Commission of Budget and Accounting.

The grants are matched on a 3 to 1 basis by the Federal Government, thus making a total of more than \$2,000,000 available.

The grants from the state are to Gulfport for \$208,858; Waveland for \$33,323; Bay St. Louis for \$112,547; Pass Christian for \$78,821 and to Long Beach for \$34,537.

When coupled with Federal allocations, the totals for each city will be to Gulfport for \$835,432; Waveland for \$233,292; Bay St. Louis for \$450,188; Pass Christian for \$315,684; and to Long Beach for \$258,148.

These are the first grants allocated by the Commission under Senate Bills 1577 and 1580 for Camille relief. Gohogan said the grants were the result of recommendations by the Governor's Emergency Council.

"The Council also assured the Commission that it expected to present for approval prior to June 1, 1970, recommendations for the allocation of the 4.5 million dollar balance of the

grant funds", Gohogan said. The Council further stated to the Commission that after an extensive study of accumulated data concerning the complex problems of the various Hurricane Camille devastated communities, that initial estimates of financial need for communities in the western area of the Gulf Coast would not be sufficient.

In view of the estimated aggregate amount of \$3,032,800, the State Legislature appropriated 5.5 million dollars with the instruction, among other things, that the actual loans from such funds be administered by the Budget Commission on proper showing of the need for and the expected use of such funds, and after prior recommendation by the Council.

Council recommendations also stated that it is clearly impossible at this time to precisely determine what these needs will be and the greatest need will occur commencing with January, 1971.

The conclusion of the Council is that a cushion of approximately one million dollars be allocated at a later date, primarily for the benefit of the western area communities.

Detailed recommendations of the Council as to the loan funds are as follows:

1. That the Budget Commission disburse now to each of the communities listed, 90% of the original estimate and that the balance remain undisturbed at this time until further developments indicate their wisest and most fruitful use.
2. That the borrower community invest these monies in revenue-producing securities.
3. That the borrower community be required to comply with the terms of the Senate Bill No. 1577 by the development of a financial profile and other economic data referred to in Senate Bill No. 1577.

The staff of the Council is directed, where requested, to provide the necessary support in the development of this information.

4. That the different political subdivisions be authorized to draw on these funds as allotted to each as the need is established by such profiles and supported by audit. Such drawing to be counter-signed by the Budget Commission at the appropriate time. In the event of a clear and present immediate need, the Council will recommend a draw in advance of the profile.
5. That the financial profiles referred to be developed subsequent to the reassessment of property and the completion of the census.
6. That all unused portions of the 90% be repaid to the State as required by Senate Bill No. 1577.

Seven Students
Place in District

Seven Bay Senior High students placed in the Annual District Science Fair. This year the Fair was held in Moss Point, Saturday, April 4.

Class Four winners were Terry Martin, 3rd place, zoology and Sharon McKenna, 3rd in Botany.

Winners in the class five competition included: Patti Brameyer, 1st in the Math and Space division, Noel Phillips, 2nd in the Botany class, Barry Burke, 2nd in the Engineering and Earth Science division, Donnie Kern, 2nd in the zoology class, and Tim Craig, 3rd in Engineering and Earth Science.

All of these students are qualified to enter the State Science Fair, Friday and Saturday, April 24-25.

HOMEMAKERS' WORKSHOP

Eighteen members of several Homemakers Clubs attended a craft workshop at the County Extension office last Thursday. Several members assisted in conducting the workshop at which a variety of ladies' purses of different materials were made.

Distributor for Hancock County

THE T.C. & Y. STORE, 8100 Meadow Road, has recently enlarged the fabric department to ensure its customers of a bigger and better selection at reasonable prices.

Fire Fighters Moot With Perils

That fire is not the only peril encountered by fire fighters can be attested to by Ed Frloux, Captain, Company No. 1, of the East Hancock Volunteer Fire Department at Bay-side Park who tells the following story.

About 5 o'clock Sunday afternoon, April 5, three other firemen from my company and myself had extinguished a grass fire at Tunica Street and Hancock Drive in Bayside Park and left the vicinity walking. We proceeded along the side of Hancock Drive as the road was still smoke filled and visibility nil when we heard an automobile coming toward us traveling at a fast clip.

Before we knew it the car was off the road on our side. We all jumped and barely escaped being run down. The car then jumped two ditches and came to a stop in a third ditch. We were really shook up."

The firemen then went to the stalled car and found it to be a Louisiana license 254B-257, driven by a woman. Instead of letting the car and driver sit in the ditch and calling a law officer to make an arrest for careless and reckless driving the fire ladders turned the other cheek and by main strength and awkwardness pushed the car back into the smoke-filled road and the PENTECOSTAL REVIVAL.

The First United Pentecostal Church, on the Old Spanish Trail, one block east of Nicholson Ave., will begin its revival services Sunday, April 19. Services will be held each evening at 7:30. Rev. R. C. Matheson is the pastor.

BAY ST. LOUIS, MISSISSIPPI 39520 THURSDAY APRIL 16, 1970

PAGE 1

Governor JOHN BELL WILLIAMS has issued a proclamation designating April as "Mississippi Clean-Up Month." In the document, he calls upon "all citizens, young and old" to join in a concentrated effort to "remove accumulations of litter and trash and to help Mississippi a cleaner, greener state - now and forever." Shown receiving the proclamation are, from left: Ed Gamble, member of Keep Mississippi Beautiful; Governor Williams; Mrs. George Pillow, Greenwood, member of the committee and president of the Ten Clubs of Mississippi, Inc.; and Woodrow Benton, secretary of Keep Mississippi Beautiful.

A Tribute To Scouts

By Ruby Fleming
As I think of Hurricane Camille and of the many people who gave of their time and efforts to help the many disadvantaged, I think of the Boy Scouts of America, Troop 208 and Explorer Post 208 for they too, made an outstanding contribution.

Those Scouts were on a fall excursion trip to the Smoky Mountains in Cherokee North Carolina, Look-out Mountain, Tenn. and Stone Mountain, Ga. As they viewed the beautiful

mountain scenery, the waterfalls and caves, little did they realize that a terrible storm was brewing and that their lovely Gulf Coast was to soon be in shambles.

When they returned to Hancock County on August 16th, the storm had intensified. They had begun to unpack their personal gear when the telephones began to ring. Their scoutmasters were calling them to report to the American Legion Home which housed all the boy scout equipment. As they arrived there they began moving tents, pots and pans, etc. and other heavy equipment to the scout hut which was located across the street from the American Legion Building. They disassembled motors and other paraphernalia at the scout hut and moved them to the second floor of the building. They used the heavy water hoses to hose down the second floor. Their efforts were in vain, however, as their tents, equipment and other items were blown away by the next night's storm. The American Legion Home and all its contents being located on the first floor, the items were salvaged. The equipment which had been transferred to the scout hut was salvaged and the items were moved to the scout hut. The items were salvaged and the items were moved to the scout hut.

The convention will consist of various lectures, workshops, displays, and demonstrations. Two noted speakers to address the assembly will be Mr. Frank Wachowiak, professor of art at the University of Georgia, who will speak on "Visual Curriculum," and Mrs. Katharine Kuh, art's editor of the "Saturday Review," who will speak on "Art in the 70's." There will also be a guided tour of the National Gallery of Art.

Brother Hilbert is presently in his second year at St. Stanislaus. He has also taught in schools in Muskogee, Oklahoma, Alexandria, Louisiana, Vicksburg, Mississippi, New Orleans, Louisiana, Baton Rouge, Louisiana, Thibodaux, Louisiana, Houma, Louisiana, Donaldsonville, Louisiana, and Bogalusa, Louisiana. He is presently working on a master's degree in art at Notre Dame University, South Bend, Indiana.

STENNIS FIELD TO OPEN

April 26, has been tentatively chosen as the date for the formal opening of Gulf Central Air-Port-Stennis Field located on Route 603 at Interstate 10, according to C. H. Hill, Director for the Port and Harbor Commission.

AUXILIARY TO MEET

A.E.W. Ladies Auxiliary will meet at 7:30 tonight at the American Legion Home, corner Beach and Washington streets. All members are urged to attend as election of officers will be held.

LAMAR-LANE SALESMAN HERB BARON TURNS OVER KEYS TO NEW CHEVY TO OWNER MR. NOLAN WEST OF LONG BEACH, MISS.

Mr. Nolan West of Long Beach was interested in purchasing a new car. He didn't need it right away so he decided to do a bit of price shopping before he bought. He shopped in Gulfport, Biloxi, Wiggins and in New Orleans. He had been reading and hearing about on the radio about all the good deals offered at Lamar-Lane Chevrolet so he paid them a visit. Well the best price Mr. West had was the one he received from Herb Baron at Lamar-Lane Chevrolet in Bay St. Louis. Mr. West is very happy that he took the extra time to shop around before he bought as he saved money by buying at Lamar-Lane Chevrolet. If you're thinking about buying a new car or truck shop around and get the other dealers prices and then visit Lamar-Lane Chevrolet and ask for Herb Baron, he could save you many dollars.

A & P Promotes Robert Spencer

Robert L. Spencer, Vice President and General Manager of the New Orleans Division, was elected today as corporate Vice President of the Great Atlantic and Pacific Tea Company, Inc., and named to President of its newly-formed South Western Region composed of the New Orleans, Louisville and Dallas Divisions.

These Divisions originally were part of the Southern Region under President Percy A. Smith, who will continue to direct the Jacksonville, Atlanta, Charlotte and Birmingham Divisions.

The Company also announced that effective April 20 Jerry Y. Brashers, Vice President and General Manager of the Jacksonville Division, will become Mr. Spencer's successor in the New Orleans Division and Philip Kramer, Assistant General Superintendent of the Jacksonville Division, will be Vice President and General Manager of that Division.

Marine Division. For meritorious achievement in a combat environment, he was awarded the Navy Achievement Medal. The 8th Marine Corps District, which encompasses Louisiana, Texas, Arkansas, Oklahoma, and New Mexico, is responsible for all recruiting and reserve activities concerning the Marine Corps in the five southwest states.

as they brought in food, water and clothing, etc., to the various distribution centers. Medicine and first aid supplies were delivered from the American Red Cross to those who were in need.

Mr. J. J. Hays, area director for the American Red Cross Disaster Headquarters said, "I surely appreciated their offer to help," and Mr. Lucien Kidd Civil Defense Director stated, "These boys did an outstanding job, and are to be commended for a job well done."

In these boys, I see America with a great future, and a stronger conviction that our Mississippi Gulf Coast will definitely rebuild a better and brighter tomorrow, for they have truly responded to the promise that they made while mere boys to promise to do my best to be a duty to God and my Country.

Lady of the Gulf Catholic Church.
Rev. John J. Kelly, assistant pastor, performed the double ring ceremony before an altar flanked by arrangements of white mums and pink hydrangeas.
Mrs. John McKenna, organist, played the wedding marches and a program of appropriate selections during the Mass.
Escorted to the altar by her father, the bride wore a floor length white silk crepe gown fashioned on Empire lines. Lace trimmed the puffed chiffon sleeves and rounded neckline. Her shoulder length veil of illusion fell from a band of silk flowers embroidered in seed pearls and she carried a cascade of white carnations and lilies-of-the-Valley centered with an orchid.
Miss Peggy Givens, who served her sister as maid of honor, wore a pale pink lace gown with a headpiece of pink silk roses and a circular tulle veil. She carried a bouquet of pink carnations.
Michael Clark, Pass Christian, was his brother's best man and Alton Sick and Glen Boyce served as ushers.
Following the ceremony a reception was held at the home of the bride.
Mrs. Givens received their guests wearing a turquoise crepe dress with matching lace coat and white accessories. A corsage of orchids completed her ensemble.
The mother of the groom chose a pink crepe dress, matching accessories and an orchid corsage.
The bride's table, overlaid with a white linen cloth, was centered with a three-tiered

MR. AND MRS. PAUL MILLER OF BILOXI ARE ALL SMILES AS THEY ACCEPT DELIVERY OF THEIR CAMARO SUPER SPORT FROM J. C. KOENEN, SALESMAN AT LAMAR-LANE CHEVROLET.

Mr. and Mrs. Paul Miller of Biloxi saw the 1970 Camaro and decided that it was the car for them. Since they had already bought two cars during the last year from Lamar-Lane Chevrolet and J.C. Koenen they decided that the place to shop would be there, even though it was a few miles to travel they knew that they would save as they had done before. J.C. Koenen, Mr. and Mrs. Miller a Lamar-Lane price on a 1969 Camaro Super Sport and they liked the price and drove it home. It was the third car they bought in a year of Lamar-Lane Chevrolet from J.C. Koenen. Lamar-Lane calls on to customers today with the intention of selling them the best car or truck, visit Lamar-Lane Chevrolet and ask for J.C. Koenen, he will save you many dollars. FULL HOUSEPOWER
MISSISSIPPI POWER COMPANY'S HOUSEPOWER PROGRAM MAY HELP YOU
SAVE UP TO 75% ON SERVICE ENTRANCE WIRING COSTS
Many homes, old and new, have "low housepower" because the customer-owned entrance wiring into them is too small to provide sufficient voltage for the electric appliances which make life more comfortable and enjoyable. When your home has "low housepower," electric appliances and equipment cannot operate efficiently. To prevent this, Mississippi Power Company's Housepower Program makes it easy and economical to have full housepower.
Mississippi Power Company will pay from \$40-\$75 to help upgrade service entrance wiring into homes of customers who qualify under the Housepower Program. The customer adds to his home an electric range, quick-recovery electric water heater, electric clothes dryer, or permanently installed electric heating of specified size. Mississippi Power Company provides a modern Outdoor Housepower Box and pays the electrical contractor up to \$75 to install it.
Get all the details about the Housepower Program from your appliance dealer, contractor, or nearest Mississippi Power Company office today!

NEW OFFICERS have been elected to serve Sigma Phi Epsilon social fraternity at the University of Southern Mississippi. From left, they are: Mike Cave, recording secretary, Bay St. Louis; Thomas B. Sanders, president, Piquette; Lawrence J. Harrison, Jr., controller, Bay St. Louis; James Boyd Burrow, vice president, Meridian; Keith Duhuisson, corresponding secretary, Gulfport.

Special happy birthday wishes go to a little Miss by the name of Melissa Suzanne Carver, daughter of Mr. and Mrs. John H. Carver of Pearl River, who will celebrate her first birthday on Wednesday, April 22nd. Mrs. Thelma Carver is the proud grandmother.

A meeting was called on Tuesday night, April 14th for the eighth grade parents, to discuss plans for the graduation ceremonies to be held on Thursday, May 28th. Also discussed were plans for the combined eighth grade banquet and teachers banquet. The theme for the banquet will be Rainbow of Dreams, and will be sponsored by the Room Mothers and the P.T.O.

Glad to report that Mrs. Velma Ruffin is home after her stay in the Crosby Memorial Hospital in Piquette.

John T. Williamson of Pearl River was seriously injured in a traffic accident on Highway 50 this week. He was taken to the Hancock General Hospital in a Riemann-Fabry ambulance and later transferred to the Gulfport Memorial Hospital.

Eileen Douglas is home after her confinement in the Chesapeake Foundation Hospital in New Orleans. She is really recuperating nicely, and enjoying the visits of her family and friends. Truly glad you're home Eileen.

Really enjoyed receiving a call from our friend, John Borge of Lakeshore. We miss seeing our friends in that area. The people of Lakeshore and Clermont Harbor are really a nice bunch of folks, even though we don't see eye to eye

on eating crawfish. Where I come from you use those things for fish bait.

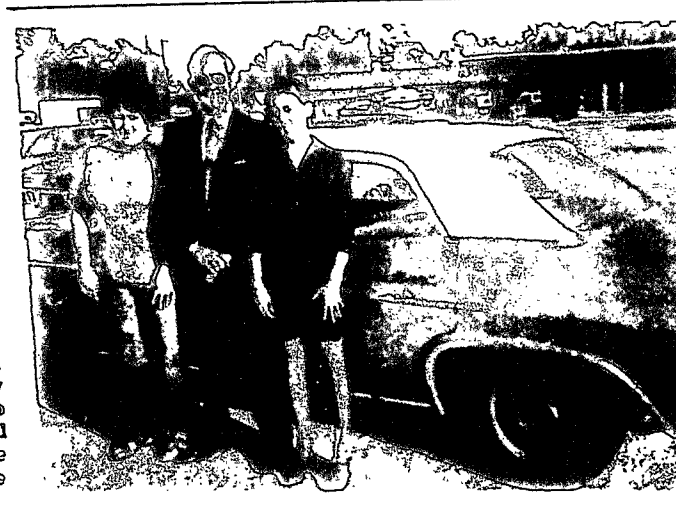

Police Officers Attend Seminar

Chief of Police Robert Goodsell, and Patrolman Emmett Ellis were among the 115 Mississippi law enforcement officers attending a Homicide Investigation Seminar at the Jackson Police Training Center April 7-9. Both received certificates of attendance.

The seminar sponsored by the Jackson Police Department and the Federal Bureau of Investigation covered a multitude of topics relative to homicides one of which was the difference between manslaughter and murder.

Other subjects covered were Mississippi State Statutes Applicable to Homicides, Homicide

MISS LYNN SUMMERS OF BAY ST. LOUIS AND FRIEND ACCEPT DELIVERY OF HER LATE MODEL USED CAR FROM J.C. KOENEN, SALESMAN AT LAMAR-LANE CHEVROLET.

Miss Lynn Summers wanted to purchase a late model used car. She had been reading about all the good deals J.C. Koenen gives his customers at Lamar-Lane Chevrolet, she decided to go and see him. J.C. offered Miss Summers a late model used car to her liking and at a Lamar-Lane price that was also to her liking. Miss Summers knows that the service department at Lamar-Lane is one of the best in this area and that all of their service personnel are factory trained and experts in their fields. If you're thinking about buying a good used car, visit Lamar-Lane Chevrolet and ask for J.C. Koenen, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. MISS LYNN SUMMERS (A Gerry Lan Enterprise) Adv. Bay St. Louis, Miss.

MORE THAN FIFTY young people gathered at the Jaycee Youth Center Friday night to participate in a Real Beer drinking Contest sponsored by the Jaycees. Between 45 and 50 adults attended the event. There were nine teams, with six members to a team, that participated in the contest.

Mrs. Hensley Receives Honors

Mrs. Travis Hensley was honored and applauded by members of the Bay-Waveland Junior Auxiliary for her outstanding leadership and work this past year as President of this organization.

She was directly responsible for arranging for assistance from other Junior Auxiliary chapters for local members whose homes and possessions were severely damaged by Hurricane Camille. She kept in constant contact with the officers of the National Association of Junior Auxiliaries reporting out situation to them. Through her efforts each member received packages, clothing, toys, and/or money from the various sister chapters.

CYO GETS COUPONS

ANN T. O'TOOLE OF PASS CHRISTIAN IS ALL SMILES
SHE ACCEPTS DELIVERY OF HER NEW CAR FROM
MAR-LANE CHEVROLET SALESMAN FRITZ PERANICH.

Miss Ann T. O'Toole of Pass Christian, recently discharg-
from the Marine Corps was in need of a car for her new
with the telephone company. She drove over to Bay St.
to Lamar-Lane Chevrolet and visited her father's old
and Fritz Peranich. At Lamar-Lane Miss O'Toole found
the car she wanted and got a very good deal from Fritz
Peranich and Lamar-Lane Chevrolet. Fritz Peranich has
in selling folks of Hancock County and surrounding areas
many years, and many of his customers today he sold
to their great grand parents and on down the line.
Fritz welcomes you to visit him at Lamar-Lane whenever
are in need of a new or used car, he could save you
many dollars. He sells to the young as well as old. He could
your next car at Lamar-Lane right now.

KANTCHA KETCHUM

By L. S. (Doc) Elliott

Fishing over the past week-end was much better. It was warmer. Green trout and perch were hitting surface baits like nobody's business. Good catches were made most everywhere, especially where good water was found.

Crook's trout were caught out in the marshes, along the canal down Waveland way and off the Highway bridge. They are making their appearance and should be up Jordan River canal.

Real good news. Hard crabs are beginning to give and come soft crabs are being caught on the third time this year, as well as the second. Soft crabs were found all along the canal from Cocop Point to Bayou Cecily. Not too many, but a few.

John Scalfido, Jr., John Gaudin and Yours Truly made a last around tour and came home with enough for a couple of sandwiches. Mrs. John Scalfido, Jr. was with us. Looks like it is going to be a good season for that delicious eating.

About time we were hearing from such soft crabs as Ted Thomas, Henry Lang, John Damborino, the boys down Waveland way and others who catch their share of soft crabs.

Was a pleasure talking to Roy Rutherford from Jackson. He said that they are slaughtering crabs (white perch) at the Ross Barnett Reservoir up there. Will be up there soon, Roy.

Billy Scarborough also does a lot of fishing around Jackson. There is a lot of fresh water fishing in that part of the state.

Bill Whitfield and John Scalfido, Jr. made a nice catch of bass and perch while fishing up Pearl River way last Wednesday. Both are good fly fishermen and catch their share of those hard-hitting fish. Fly fishing is tops with Bill. He is the son of Sam Whitfield. Enough said when it comes to fly fishing and eating.

R. L. Bob Simmons with the State Highway Department. He lives at Long Beach and does quite a bit of fishing. Bob goes whenever he can. Another good sportman.

Harlan Watkins is another of our good fishermen and hunters. Harlan said he enjoys both sports. He is ready to go any old time.

James George was married last week. There was a party given at Sam Benigno's by his friends. Happy sailing buddy.

Elliott Benson when not busy goes after the flaky tribe. Elliott said there is nothing like the outdoors for relaxation and fun.

George Soussan, Jr., reported he caught 30 crochets off

SPORTSMAN OF THE WEEK

Another good fisherman and hunter is Ben Swanzo. Ben loves hunting back, do-voos, rabbits, quail or anything, he said. Likable chap, too.

Still fishing in paying off for porch and bass. You can fish from the bank most anywhere. Ask Sam Mayora, he is an expert at that kind of fishing.

Roy Bortor's camp at Pearl-ington is operating full blast. Roy is on the job regularly. Boats can be rented, Louisiana licenses are available at the camp.

Gens and Charlotte Leuder and little Lisa made a fishing trip to Ross Barnett Reservoir. They caught their share of Crappling. Gens said they are really biting right now.

Harry Roman and step-son caught speckles over the weekend at North Shore. They were hitting pretty good and were rather large, he said. North Shore is west of Slidell on Lake Pontchartrain. A swell place to catch specks and other salt water fish.

Soft crabs are giving better. They are being caught late at night after the tide falls. Try soft crabs. It is a lot of fun and there is room for all. Some flounders are also being caught.

Better start that vegetable garden. Now is the time. It's fun to watch the plants grow and profitable, too.

SPAGHETTI DINNER

Knight's of Columbus will sponsor a chicken-spaghetti dinner from 5 to 9 p.m., Saturday, April 18, in Our Lady of the Gulf School cafeteria for the benefit of the Priests Education Fund.

Tickets at \$1.50 per plate for adults and 75 cents for children will be on sale at Bobby Ann's Bakery or can be purchased from any K.C. member.

Five Hearings For Fish-Game

Mississippi sportsmen get a chance to "speak their piece" on the 1970-71 hunting seasons when the Game and Fish Commission stages five public hearings at strategic locations throughout the state.

"We cannot emphasize enough to sportsmen the importance of these hearings," says Commission Director Billy Joe Cross, "and this will be the time for sportsmen to air their suggestions, or recommendations, concerning the hunting seasons. It's too late when the seasons have been set, later in the summer."

Notice of the public hearings is being made available to all state legislators, door camps, daily and weekly newspapers, radio and television stations and wire services.

The first hearing will be May 12, at 10 a.m. in Hattiesburg at the County Courthouse; and the same afternoon, at 3 p.m., the Commission will move to Natchez where sportsmen of the area can offer suggestions, also at the County Courthouse.

On May 13, the hearings will shift to Tupelo. The morning session, scheduled for 10 o'clock, will be in Tupelo at the Lee County Courthouse; in the afternoon at 2:30, Grenada will be the site, also at the County Courthouse.

The final hearing will be May 14 in Jackson. It will be held in the large auditorium on the first floor of the Woolfolk State Office Building at 10 a.m.

MNC Elementary To Hold Registration

Hancock North Central Elementary School, Rt. 1, Pass Christian, is having its annual pre-registration for first grade students who will be attending that school next session.

This will be held in the present first grade rooms on the school campus on Monday, April 27th, beginning at 8:30. Parents are requested to bring the child's certified birth and shot records at that time, so that students may be properly registered according to Mississippi school law.

JAY CHAUVIN (facing camera) wins over Hy McEnery in the 180-pound wrestling event of the SPORTS-A-RAMA at the St. Stanislaus gym last week. Brother Bennet served as moderator for the SPORTS-A-RAMA which was sponsored by the St. Stanislaus Weightlifting Club.

DE MONTLUZIN'S WINNERS

Winners' names were drawn Monday for prizes given away for the reopening of de Montluzin Pharmacy. Young Jeffery Barrott drew the following names: Ann Murtagh for the clock transistor radio, Mrs. Elsie Chapin for the Sunbeam toaster, Mrs. Sam Whitfield for the Sunbeam percolator, and Mrs. Dickson Shortle for the Max Factor dusting powder.
